

Centennial Jingzhang · Diameter Intelligence Axis

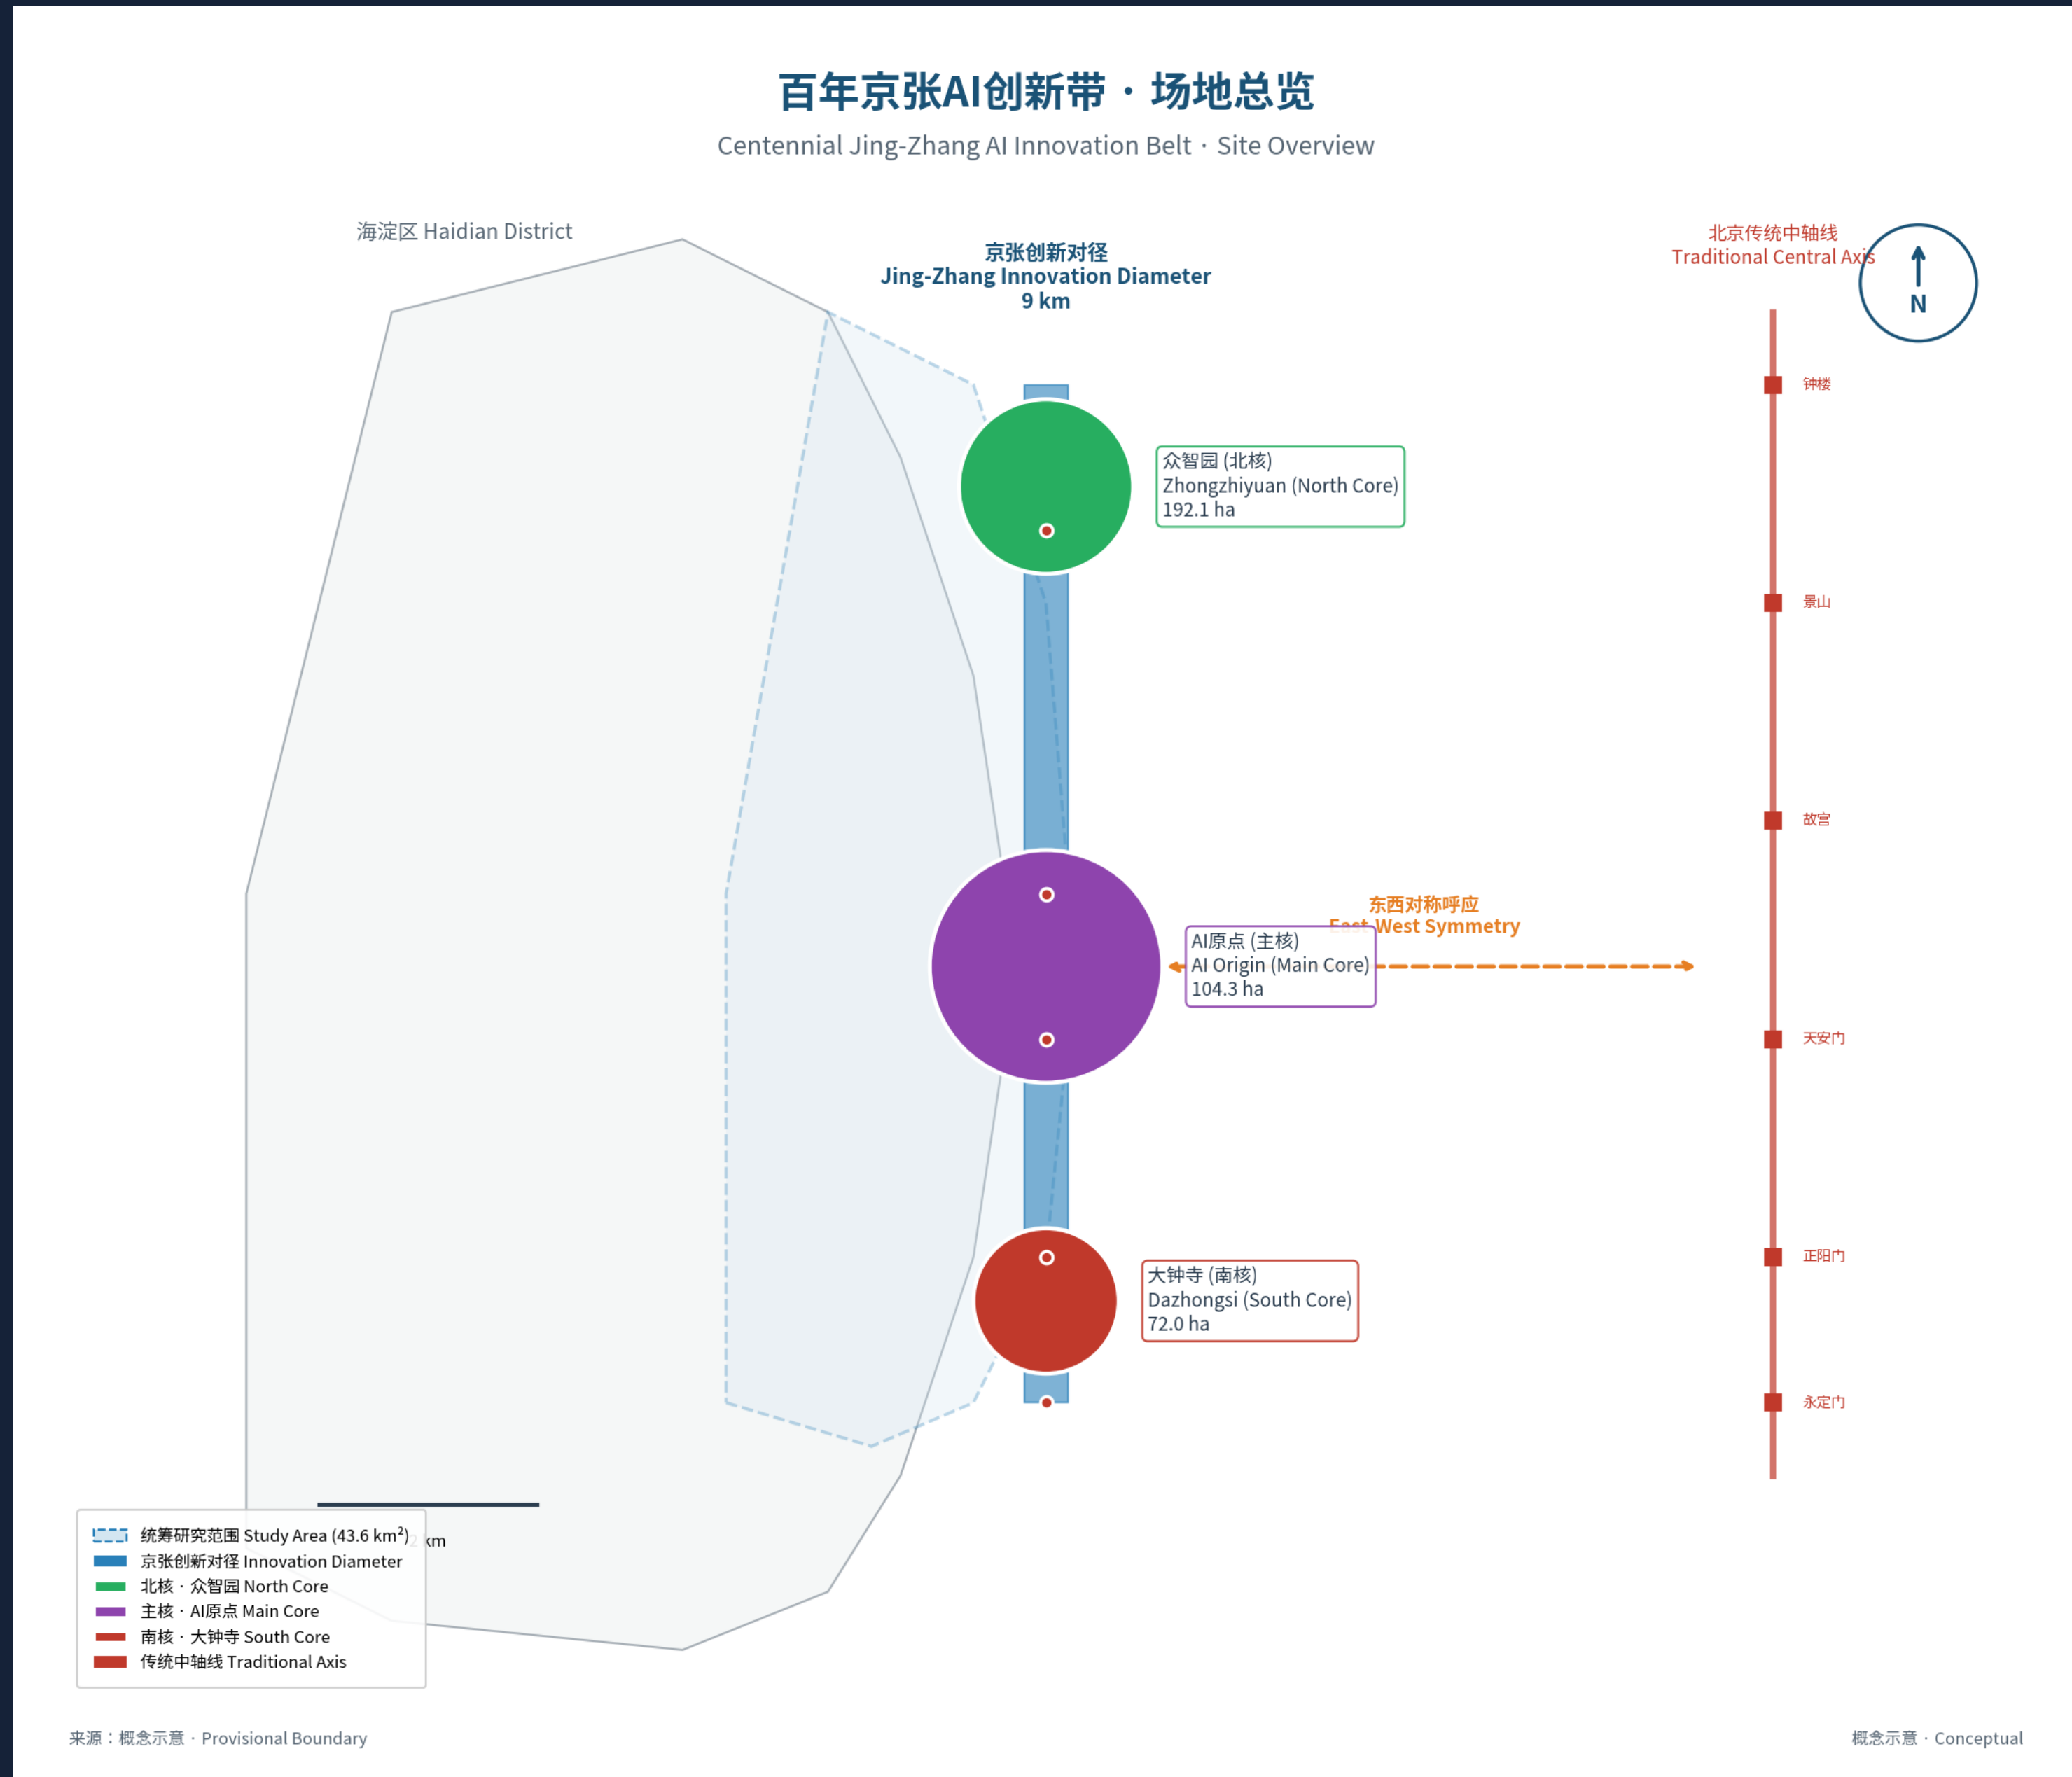

Diameter AI Innovation Belt — Urban Design Proposal

Conceptual Proposal for Discussion Only · v5.10

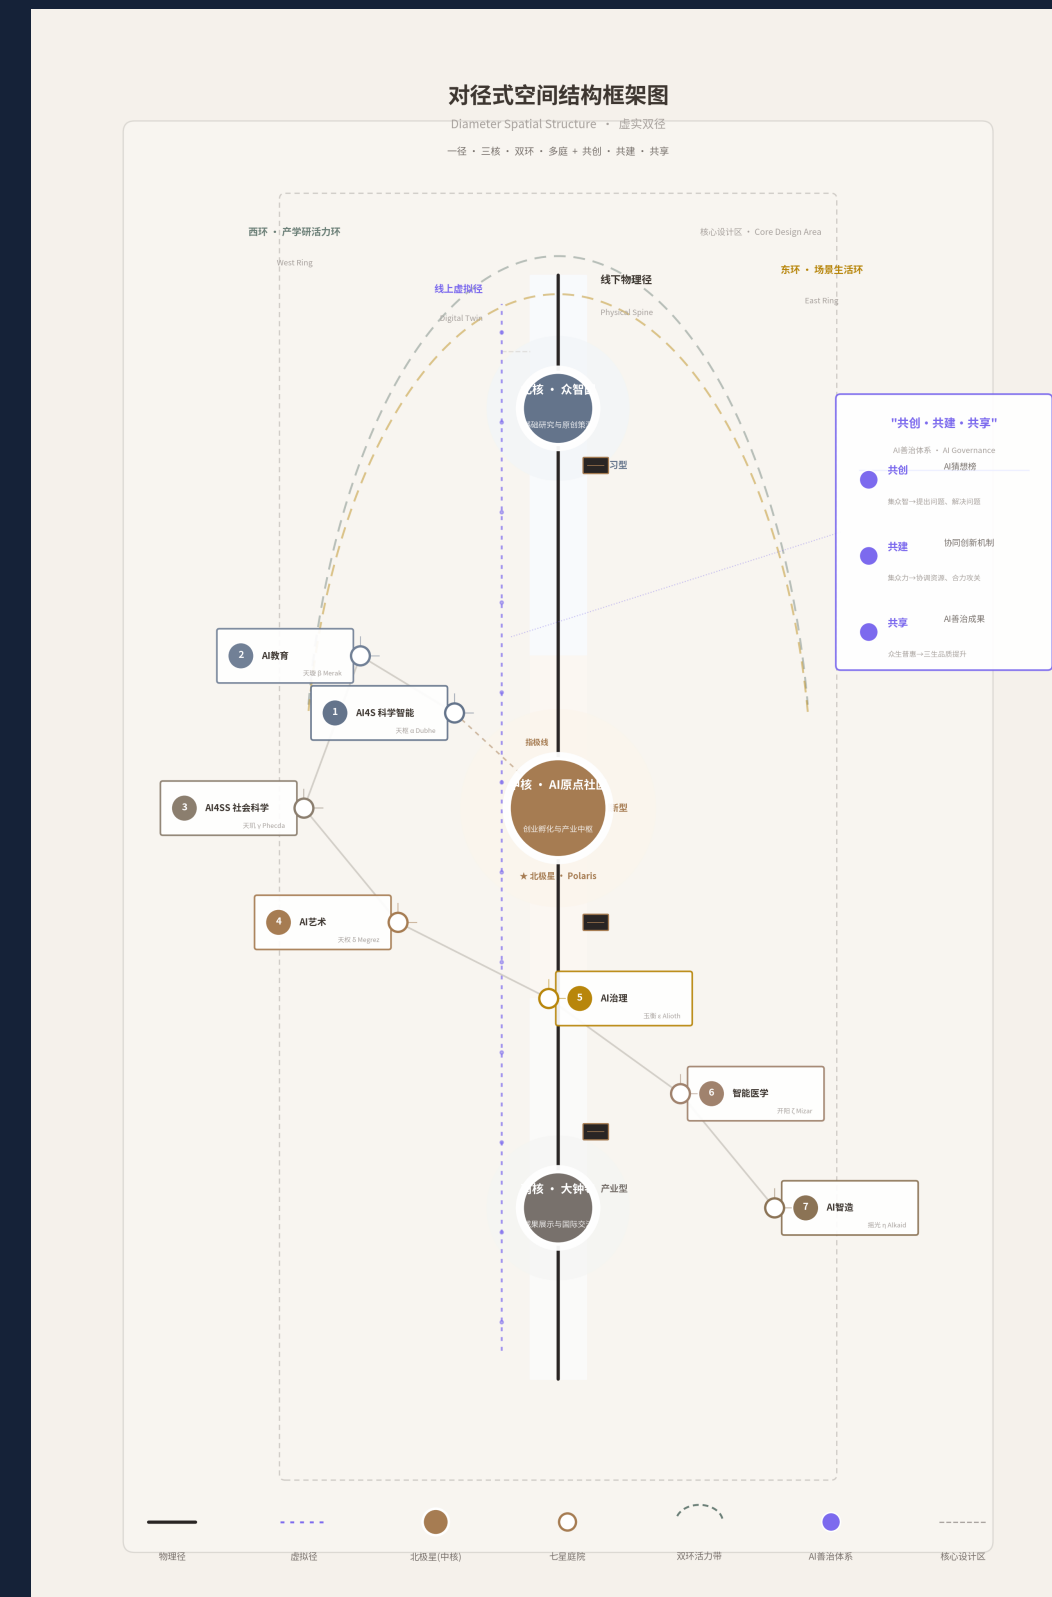

Submitter: PKU-FranklinWang

Theoretical Basis: New Spatial Economics — Prof. Yang Kaizhong

Overall Study Scope Overview

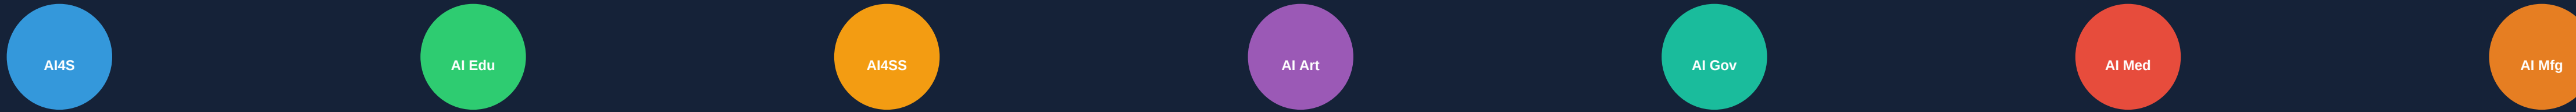

Spatial Structure

Three Cores · Nine Districts

- North Core — North 5th Ring**
- Collective Intelligence Park · Basic Research · AI for Science
- Main Core — Zhongguancun / AI Origin**
- Origin Core Renewal · Startup Incubation · AI Innovation

Seven AI Scenario Nodes

Key Metrics (2030 Target)

43.6 km²	9 km	¥300B	~35%	90%+	500K
Study Area	Core Belt Length	AI Core Industry	Blue-Green Ratio	15-min City	High-End Talent

PROVISIONAL · Conceptual Proposal

This is a conceptual design proposal for open co-creation.
All boundaries, metrics, and land use are provisional estimates.
Does not constitute statutory planning or approval basis.
Final subject to government planning authority approval.
